This report was sent on	29/Sep/2022
Last processed data upload	28/Sep/2022

EXPLANATORY NOTES TO THE MAINTENANCE RECOMMENDATION

Advice		Prescription	
CHANGE	Maintenance required according to schedule.	F	Maintenance schedule according to Manufacturer.
CHECK	Maintenance check needed according to schedule.	W	Maintenance schedule according to Wesp.
?	Maintenance history unknown	12/10.000	12 months or 10,000 km.
OK	No maintenance required according to s	24/-	24 months, no mileage rule

Mth since¹

The number of months since you last replaced this part. If you have never replaced it, we will count the number of months we know for sure it has not been replaced. We will then take the first date that the car was at your place.

KM since²

The number of miles driven since this part was last replaced. If you have never replaced it, then count the number of miles driven since the first vehicle visit.

Replace

The number of times you have replaced the part already

N.B. The recommendations are a combination of the factory maintenance schedule, the WESP calculations and finally the maintenance history of each car at the garage. The WESP service advice is based on normal conditions and industry averages. Always refer
